March, 2010

Dear Friends,

We are delighted to invite you to attend “Escape 2010”—an All-European conference, bringing together grass-roots Christian practitioners who are working together to combat human trafficking and prostitution. **Our conference will be held September 30-October 1-3, 2010, in Chisinau, Moldova.**

Our conference goals are:

- 1) To provide useful tools and resources for prevention and after-care ministries
- 2) To network people from European countries and contexts, sharing experiences
- 3) To offer practical advice regarding working with victims—and also ministry teams

Because human trafficking in Europe crosses borders from East to West, we are especially hoping that those who are working in Eastern Europe will be able to join in the conference, so that those of us in the West will be able to learn from them.

The conference is co-sponsored by *Beginning of Life* Moldova and the *International Christian Alliance on Prostitution/Europe (ICAP/Europe)*.

We will meet at Institutu Muncii, a comfortable, convenient, and reasonably priced conference center.

The conference will cost €150 which includes room, board and conference costs. If cost is keeping you from coming, please request assistance. A limited number of scholarships are available to those from Eastern Europe.

If you are interested in attending this conference and would like more information, please send a message of interest to our ICAP web-site: <hope@icapglobal.org>

If you have questions, please let one of us know. And please send this letter to anyone you know who would benefit—and be able to contribute—to our conference.

We look forward to seeing you in Chisinau!
